

## COOLSCULPTING

# Sculpt & Save

Fabulous offer for the first 10 people to book.  
Each CoolSculpting application is \$550—a savings of \$200!  
**Valid only for September and October. Schedule a Treatment to Transformation consult.**

## Fear no mirror

Freeze away unwanted fat with no surgery or downtime.

CoolSculpting delivers precisely controlled cooling to gently and effectively target the fat cells underneath the skin. Treated fat cells are crystallized (frozen) and then die. Over time, your body naturally processes and eliminates these dead fat cells, leaving behind a more shapely, sculpted you.

## Use CoolSculpting Anywhere

+upper arm + stomach + abdomen + love handles + male chest + upper flanks & lower flanks + inner thighs + outer thighs + bra bulge + banana rolls

## Benefits

Get a better view of yourself. When it comes to smoothing the silhouette, CoolSculpting is the #1 non-invasive worldwide.

- Easy confidence booster
- No surgery or scars
- Natural looking results
- FDA approved
- Customized treatment plans
- Effective on stubborn fat

For clients who want to learn about more CoolSculpting, Dr. Kamani offers one-on-one consultations. To deliver the best results, each treatment plan is designed around your goals and body type.

Your consultation is the first step.

As a CoolSculpting clinic in Vancouver, we help both women and men get rid of stubborn bulges. This non-invasive treatment works on dense, subcutaneous fat: love handles, belly bulges, banana rolls, all those problem areas that seem unaffected by diet and exercise. It's a great solution for people who just want to target one or two problem areas. To see if CoolSculpting is right for you, book a consultation and take advantage of our fabulous fall offer.
